## **BOOK SYNOPSIS**

The essential stock market guide, now updated with even more timely and necessary information. Now in its fifth edition, *The Neatest Little Guide to Stock Market Investing* has established itself as a clear, concise, and highly effective approach to stocks and investment strategy. Rooted in the principles that made it invaluable from the start, this completely revised and updated edition of *The Neatest Little Guide to Stock Market Investing* shares a wealth of information, including:

- What has changed and what remains timeless as the economy recovers from the subprime crash
- All-new insights from deep historical research showing which measurements best identify winning stocks
- A rock-solid value averaging plan that grows 3 percent per quarter, regardless of the economic climate
- An exclusive conversation with legendary Legg Mason portfolio manager Bill Miller, revealing what he learned from the crash and recovery
- Thoroughly updated resources emphasizing online tools, the latest stock screeners, and analytical sites that best navigated recent trends

Accessible and intelligent, *The Neatest Little Guide to Stock Market Investing* is what every investor needs to keep pace in the current market.
